

# Urgent Care Center Locations

## What are urgent care centers?

Urgent care centers are walk-in facilities that can treat specific health issues. They can treat illnesses and injuries that are not serious enough for an emergency room visit. Urgent care centers are good options when you can't see your primary care provider (PCP) but want care right away.

### An urgent care center may be a good option for you to treat:

- Animal bites.
- Colds.
- Coughing.
- Diarrhea.
- Earache.
- Pink eye.
- Rashes.
- Sore throat.
- Stomachache.
- Vomiting.
- Depression or anxiety.

## Urgent care locations

If you need care right away but are not sure if it is an emergency, call your PCP or behavioral health specialist first. If you cannot reach your PCP, call the AmeriHealth Caritas Delaware 24/7 Nurse Call Line at **1-844-897-5021**.
