Opioid Use Disorder eLearning module

The Opioid Use Disorder (OUD) eLearning module for primary care provider practices is a self-guided learning experience providing up-to-date information on the opioid epidemic. The curriculum includes:

- An overview of OUD.
- Current U.S. statistics on the opioid epidemic.
- Discussion on the impact of the epidemic on Medicaid recipients.
- The Diagnostic and Statistical Manual of Mental Disorders 5th edition (DSM-5™) criteria for substance use disorders.
- The Centers for Disease Control and Prevention (CDC) guideline for prescribing opioids for chronic pain.
- Information about evidence-based practices such as:
 - Medication-assisted treatment (MAT).
 - Cognitive behavioral therapy (CBT).
 - Screening, Brief Intervention, and Referral to Treatment (SBIRT).
 - Motivational interviewing.
 - Peer support services.
- The Healthcare Effectiveness Data and Information Set (HEDIS®) measures for OUD.
- Resources and support available to you and your practice.

Our mission
We help people:

Get care

Stay well

Build healthy
communities

We believe everyone should
have access to quality
health care and services.

Access the AmeriHealth Caritas Delaware OUD eLearning training module by visiting our **Provider Training and Education** webpage and viewing online training opportunities.

Please let us know you have completed the training by clicking on the Attestation Form link at the end of the training and completing the brief assessment.

As part of our ongoing goal to support integrated care, the following additional resources are available to you:

- In-person, on-site behavioral health training from a clinical educator. (Contact your Provider Network Management Account Executive if you are interested.)
- Our **Behavioral Health Provider Toolkit**, accessible on our website.
- Other eLearning modules in this series: ADHD, depression, and anxiety disorders training modules are available now.
- Resources and support available to you and your practice.
